

Responsive Strategic Sourcing for Services (RS3) IDIQ

Mission

The Responsive Strategic Sourcing for Services (RS3) contracting vehicle provides all federal and state government agencies and organizations world-class contract administrative service support and procurement services for their Command, Control, Communications, Computers, Intelligence, Surveillance and Reconnaissance (C4ISR) and knowledge-based professional engineering services mission requirements.

Overview

RS3 is a Multiple Award Indefinite Delivery, Indefinite Quantity (MA-IDIQ) performance-based services contract that provides customized best-value solutions to a diverse group of organizations spanning C4ISR mission requirements throughout the world. LinQuest Corporation is proud to be a prime contractor on RS3.

RS3 has a \$37.4B ceiling, with a five-year base ordering period and five-year optional ordering period, ending in May 2027.

RS3's primary service areas include engineering; research, development, test and evaluation (RDT&E); logistics; acquisition and strategic planning; education; and training services.

RS3 Prime Contractor Overview

The RS3 program office provides full lifecycle acquisition support from planning through task order (TO) award. RS3 Office personnel (contracting officer, contract specialist, procurement coordinator, cost/price analyst, budget analyst, attorney, and small business office liaison) will provide contract administration support services through TO award. The table below shows the estimated time to award through RS3 by contract size.

Acquisition Timelines Requirement Value	Estimated Time To Award
Less than \$25 Million	115 days
\$25-\$50 Million	155 days
\$50-\$100 Million	175 days
\$100-\$250 Million	200 days
More than \$250 Million	TBD based on specific TO requirements
